Comments: Hello! I own a condo in Taos ski valley and live in Santa Fe. We love Taos as a whole family all year long. I wanted to give my support to Taos ski valley development. While I love wilderness and undisturbed spaces, I also love access to those places to explore and enjoy. Taos is surrounded by national forest and wilderness and has so much uninterrupted forest. I think that continued, environmentally conscious development of Taos ski valley is good for locals, employees, the town, visitors, tourists, and not bad for the environment. The gondola would be awesome to get to chair 4 from the base and the Bavarian. The cross country ski tract is a no brainer. Great idea. Great exercises. Better water infrastructure would be wonderful for early season skier and doesn't 'use' more water , it just redistributes it. I support the proposal and appreciate you allowing my input. Thanks for all your work. I LOVE our national forest SO much!!!
