First name: Doug

Last name: Dodge

Organization: Jefferson County DES/Fire Warden

Title: DES Coordinator/Fire Warden

Comments: I am writing in vigorous support of the proposed Forestwide Prescribed Fire Project. I agree that the areas under consideration for this project need substantial fuels treatments to reduce the wildfire exposure to the citizens of Jefferson County and to restore forest health. The areas of the project in Jefferson County are identified in our Community Wildfire Protection Plan as areas in need of work, as are the methods to be utilized. I look forward to working with the Helena-Lewis & Clark National Forest to implement this important work.
