First name: fred

Last name: bailey

Organization: Mt Snowmobile Association

Title: Pesident

Comments: We absolutely support this plan, our forests are dead and are in such poor health that nothing short of controlled fire can begin the healing process. Too many years of law suites from the left have prevented the Forest Service from managing the forest as required to keep the forest healthy and prosperous for wildlife and recreation. Do to a mostly dead forest it has been an almost full time job keeping fallen trees of the trails even experiencing occasional near misses.
