Comments: Dear Sir or Madame,

As a resident of the state of Texas that is within a four hour drive to the Mena Arkansas area I would like to state my full support of this project for the area. If lovingly created trails would enable more people to enjoy the benefits of God's beautiful natural area, as well as protect it from any commercial development so that it stands in its original beauty then that is a win/win for all people that come to this area.

Thank you for the opportunity to comment in SUPPORT of this project.

Sincerely,

Robyn Robson
