Comments: The Taos Ski Valley is already experiencing issues with Water & Devage! The current infrastructure is too much for the environment adding more building will just make the environmental problems worse. Also, Taos Ski Valley is already unaffordable for locals that live in the area. By adding these fancy improvements will just bring more elite rich people & Devage in the project that this is NOT a mountain for locals or normal average people. We DO NOT Need this project! Please keep New Mexico Enchanted for Nature & Devage in people! Stop making everything so yuppie! If people want that crap they can go to Beaver Creek! Leave Taos Ski Valley Alone!
