Comments: Hello,

I'm very grateful for the Gunnison Ranger District and the GMUG's continued diligence in working tirelessly to continue this process quickly, openly, and with such detail.

I've read the Draft Environmental Assessment and I think the follow options should be chosen for upcoming changes:

Lake Irwin Road Parallel - Option 2

Upper Upper to Brush Creek Trailhead Connection - Option 1

Strand Bonus to 409 Connection - Option 1

Budd Connection: Ambush to Tent City - Option 1

Deer Creek to Tent City Connection - Option 2

Teocalli Extension - Option 2

Reno Divide Road Parallel - Option 1

Upper Cement Creek to Crystal Connection - Option 1

Lower Cement Creek to Caves Connection - Option 1

Bear Creek Trail Reroute - Option 2

Dr. Park Reroute - Option 1

-----

Brush Creek Trailhead Parking Expansion, Tent City Enhancement, Walrod Parking Expansion - Option 1
