First name: Cameron

Last name: Mead

Organization: Greens Creek Mining

Title: Superintendent

Comments: There are deep roots in mining in the Juneau area and have been for centuries, the expansion will allow a great mining company that cares about the environment to continue there operation for up to 40 years. Keeping mining going in the area provides many benefits to the community, schools, state, forestry and fish and wildlife. Many families that were born and raised here have had great mining jobs at GC which has provided a great life in Juneau. Choosing not to extend the life of mine puts many people out of work. Mining provide a lot to each and everyone of use on a daily aspect!!
