Comments: Hello,

My name is Austin Huckins. I just wanted to submit a quick comment for the assessment of Lolo. I can speak for off-roaders when I humbly request that off road recreation be considered a legitimate recreational activity. and I hope that all roads be kept open for such activities. I love visiting Lolo with my kids and we love off-roading so if any roads are closed down I would consider a great loss to me and my family. We love Lolo and always want to be able to recreate here while off-road. Thank you so much!
