Comments: I am writing as US Citizen, albeit one living in the UK, and as a friend of the Lakota people in South Dakota with whom I work closely. I heartily support the withdrawal application in order to preserve the ecological and cultural integrity of the Black Hills which are a sacred landscape. They are the source of life for many beings, including the residents of Rapid City.

On ecological, spiritual, and humane grounds, I ask you to approve the withdrawal application.

Yours,

Brother Vishwam Gurudas Heckert
