Comments: (GB-PW-08) In regards to the closure of this area I would like to see it stay open to snowmobiles and any summer activities as motorcycles, side by sides. I was some of the original snowmobilers in the 1970s I still ride up there today every year with my son and grandson. we camp in the summer up there and enjoy it all very much. I would not want to see it closed. This is the Hart lake, Pearl lake, Dalton lake, Upper trio lake and State line trail 738. I grew up in that area hope to return soon when I retire to enjoy that area. I want leave these areas open for all to enjoy (GB-PW-08)
