Title:

Comments: I would like to see a blend of the plans. My riding partners and I typically ride the area through April and well in to May. Depending on snow conditions we will also ride June from time to time. I would like to see the areas open at least through April if not longer.

I would also like to see the upper pack river areas opened and the caribou closures around smith creek. We all know the caribou project has been abandoned so we should allow access to these area for people to enjoy.

Thank you for your consideration.
