First name: Ron

Last name: Flint

Organization:

Title:

Comments: Count me as supporting Hecla Greens Creek Mining Company's planning for expansion of their Tailing Disposal Facility as described in their North extension Project (NEP), alternative D.

Greens Creek has demonstrated their commitment to being a good steward of the land they impact on Admiralty Island and I have confidence they will continue to do so. They have jumped through regulatory hoops on a regular basis and proven their agility and ability to comply with extremely stringent standards.

As the proud parent of a daughter that works at the mine on a daily basis, and a local business owner, I am also extremely appreciative of the positive and important economic contribution Greens Creek makes to our local economy. And, its just good to have these types of jobs and the people that perform them diversifying our community. Thank You, Ron Flint
