First name: crystal

Last name: petrocelli

Organization:

Title:

Comments: Thanks to all the stakeholders for working with CBMBA to create a much safer, more enjoyable, less dusty experience for users of the Gunnison National Forest!

I'm in full support of option 1 for all trails except for the following where I support option 2:

Lake Irwin Road

Deer Creek to Tent City

Teocalli Extension

Bear Creek Re-route

I'm in full support of Option 1 for the Day Use Areas and Trailhead improvements at Brush Creek Trailhead, Tent City, and Walrod Parking expansion. They are all much, much needed due to the massive uptick in popularity of Crested Butte as well as the outdoors in general.

Thank you,

Crystal Petrocelli
