Comments: I use the many trails in the Ward Lake area, the Connel Lake trail is probably in the worst shape. I would make that rehabilitation area a priority. Any upgrades to the other trails would greatly enhance the local's ability to enjoy this great outdoor treasure. Please, keep Perseverance, Ward Lake, Frog Pond, Connel and other spaces off limits to mass cruise ship tourists. It would also be nice to keep the Revilla Road plowed to the Ward Lake junction in the winter.
