Comments: I am writing to support the Hecla Greens Creek mining company tail expansion request.

I have worked for Hecla Greens Creek for two years. In that time, I have been able to see first hand how environmentally responsible as well as community oriented this company truly is. Approving the expansion of the tailings footprint would allow hundreds of good jobs to stay in our communities for decades to come.

For these reasons, I feel that the tails expansion project would be beneficial for economies in our local communities, with the same environmental promise that Greens Creek guarantees.

Thank you,

Kyle Klinger
