Title:

Comments: I enthusiastically support the construction of the Minturn segment for the Eagle Valley Trail. As a resident of Minturn, this segment would allow me to safely bike instead of drive to many of the trails, including Meadow Mountain. This would reduce the number of cars at these very busy trailheads and provide a more climate friendly (and enjoyable!) transportation option. It would also help support Minturn's local businesses by encouraging visitors to park in town to access the trails and then enjoy the shops and restaurants post ride/hike.
