Comments: Comments for the Lacy Lemoosh Project - 60853 on the St. Joe Ranger District

I object to the proposed decommissioning of OHV Trail 320 (Moolock Creek Trail) connecting East Fork Charlie Creek Road to Tyson Peak. This has been a popular trail for the local people around the Emida area for over 40 years. It provides relatively quick access to Tyson Peak which has beautiful views of the surrounding areas. Trail 320 is also connects to a network of loops including open roads that provides access to Santa, Idaho and Fernwood, Idaho.

Also, keep OHV Road 3748 that also goes to Tyson Peak and forms a nice loop with Trail 320.
