Title:

Comments: I live in Juneau and raise a family here. I am in support of the tailings facility expansion at Greens Creek mine. Greens Creek is a vital part of our local community and economy. This expansion will allow Greens Creek to keep operating for many more years, which will provide our local workforce with good paying jobs, which in turn supports our local businesses and schools. Do not let environmental extremist groups impose their false narrative, which depicts Greens Creek as a negative impact to our community and the environment. Greens Creek has proven to be a good neighbor and steward of the land and water in the Tongass.
