Title:

Comments: The discrepancy between Total Skiers and Passes Sold is quite large. What are the reasons for the difference?

I would urge you to consider the sustainability of all elements of the Plan, such as the snowmaking, grooming, trail and building maintenance, etc., regardless of whether you plan to subcontract those tasks to private entities.

There seems to be a conflict about the requirement to provide an email address if we want to be contacted about this project, and whether our email addresses will be posted in the public reading room. I want to be on the email list for this project, but I don't want my email address viewable to the public. These needs should be separated.
