Comments: Please APPROVE this Mineral Withdrawal because as all human beings that share the same the Earth, we should all have the same goal for water equality, for everyone's cultural values, and environmental rights. I would also like to ask to expand this to Rapid Creek area as well. Failure to not act, will result in serious consequences to the stable environment that we all share. It shows the people you don't care about our sacred lands nor, to uphold them or our treaty rights. Consider your actions deeply, as the amount of impact will tremendously affect thousands of lives and natural habitats around the surrounding areas.
