Comments: This is not acceptable in any way at all!!!! This is our lands and we need to protect them from projects just like this! Why would you need to explore and drink? Ruining the land, polluting the water. Destroying habitat. Creating distraction, noise and just RUINING OUR LAND. GO HOME. DRILL SOMEWHERE ELSE.

WE DO NOT WANT IT!!!!

Listen to us and listen to the land. They don't make more. You can't fix what you ruin. Just STOP STOP STOP.

KRISTI NOEM I'm sure is behind this horrific idea.
