First name: Amanda

Last name: Glish

Organization:

Title:

Comments: Please say no to exploratory drilling in areas that so many use and love, both locals and visitors.

Section 3.1.3.4 - Recreational Usage and Events in the EA document touches on the number of organizations directly impacted. This alone should be enough to say no; add on residual environmental and economic negative impacts and it does not seem worth it. Protect the beauty and recreational enjoyment these areas bring to so many and make the Black Hills so special.
