Comments: I live year round in Frisco.

I would like to voice my opinion that I do not want massive clearcutting in the Frisco Backyard area. The plan is to clear-cut 2 miles of forest! That is too much. I appreciate fire mitigation but I ski, hike and ride up there all year long. The trees give me shade and cooling in the summer months. It is also a wildlife habitat. That seems unfair to them, the locals and the esthetic of our beautiful town. Cleaning up the trails and doing enhancements that aren't really necessary seems to be a waste of our taxes. It's already in pristine condition. Thank you for the opportunity to comment.
