First name: Chloe

Last name: Caemmerer

Organization:

Title:

Comments: The beauty, integrity, and longevity of this special landscape and community relies on our ability to defend it and take capitalism with a grain of salt for a second. TSV is a wealthy organization courting a kind of development that locals do not want. Sacrificing the health of the Hondo so the ski valley can make more money is absurd. If this development can be stopped, it should be.
