First name: Susan E

Last name: Howe

Organization:

Title:

Comments: We live on the edge of Spearfish Canyon and picked this place for the beauty, solitude and wildlife here. This project would have a negative impact on the canyon and do irreparable damage to the environment, ecosystems and recreation!

The Forest Service should do a full Environmental Impact Statement on this project.

We must preserve the beauty of this National Historic Byway for future generations!

Protect Spearfish Canyon - it should not be destroyed for the greed of a few!
