Comments: I strongly object to the proposed exploration drilling by Golden Crest and any/all mining endeavors that will undoubtedly compromise the natural state & beauty of Spearfish Canyon & the Black Hills. These kinds of operations also pose a threat to our local environment, water sources, wildlife and more. We can't afford to allow such intentional devastation. No amount of reclamation can ever return the land to its original, natural state. Please do not allow this to happen...protect our unique paradise in the Hills.
