Comments: I am in support of Pactola Mineral Withdrawal and ask that this be expanded to the Spearfish Creek watershed and the entire Black Hills. We wish to eliminate the threat to the Rapid Creek watershed, sacred Lakota sites, and the vast amount of outdoor recreation that goes on at Pactola. Please stop destroying this natural wonder and beauty. Please preserve the landscape, the trees, water, animals and life that grows here. Please stop destroying the sacred place of the Lakota. Last summer I was at the Devil's Bathtub and met a hydrologist who was testing Spearfish Creek and he told us it was potable as is. Please, please preserve this quality!
