Comments: Asking that this project be rejected to preserve the beauty and value of the area. This area is highly valued by the recreating public, including bikers, bikers, horseback riders, cross country skiers, shutters and many more. This project threatens both the Spearfish canyon waterways and the aquifers below. Spearfish and the surrounding hills have long been known for their beauty and that beauty brings in millions of tourism dollars. Those dollars would be at risk of being lost if a project like this were allowed to proceed.

Thank you for your consideration.
