First name: Mathew

Last name: Currier

Organization:

Title:

Comments: I am against this idea for these reasons, we bike, hike, we hold bike races that raise money for people in need. All of the water sources around will be destroyed along with all of the nature trails and routes for tourist. All of this is going to impact the tourist and natural trails and it takes upwards of a couple months to even get the ok to start a new trail let alone making and crafting a new trail.
