Title:

Comments: I do not support the Golden Crest Project. I request an EIS NEPA full study. The current EA draft does not include a fire safety plan, hazardous materials plan nor an erosion control plan. These plans should be part of the EA.

Born and raised in South Dakota, a 12year Spearfish resident, I desire Spearfish Canyon/Big Hill/Eagle Cliff and the remainder of the proposed mining area be preserved and never mined. Biking, hiking, fly fishing, snowshoeing, Nordic skiing and down hill skiing are a few of the reasons why I moved from Eastern SD to Spearfish.

I adamantly oppose the Golden Crest project and do not support the non-SD company Solitario Zinc desecrating public areas for their temporary profit.
