First name: Amanda

Last name: Botkin

Organization:

Title:

Comments: I would like to request an EIS. The impact that this work would have on our local economy because of the tremendous amount of bikes and other tours that we bring into the hills, for the beauty of it would be very detrimental to our community. The impact to local wildlife, including oak that are trying to migrate back down into the area where they should be would also be detrimental. Wildlife that is moving back into the areas such as the black bear would be forced out. Local biking skiing backpacking clubs have worked hard to make this area a desirable place for families. Please consider the impact to our local community.
