Title:
Comments: I support the Pactola Withdrawal.

This is a watershed. It would be insane to allow mining there, which will of course pollute the waters downstream. Water - as people along the Colorado River and people in Arizona have discovered - is a precious resource that we can't make more of once it is gone.

The Black Hills are a beautiful and sacred part of our common heritage. Please do not allow them to be despoiled for a few miserable dollars.

Thank you.
Abigail Wright
