Comments: I support the Pactola area mineral withdrawal and I also support expanding the area covered by the withdrawal to include all federal lands in the Black Hills. These are sacred lands to the Lakota People, which provide clean water to both the native and non-native population. I believe that the Forest Service should do an Environmental Assessment and that they should support the Pactola Reservoir-Rapid Creek Watershed Withdrawal. Native American sacred lands are similar to Churches, Mosques, and Synagogues, and deserve to be free of toxic pollution and destructive industry.
