Comments: I want the Forest Service to say YES to the Pactola Reservoir-Rapid Creek Watershed Withdrawal. I also ask the Forest Service to do an Environmental Assessment (EA).

Please also do a Finding of No Significant Impact (FONSI) when the EA has been completed.

The reasons for my support of the mineral withdrawal are: water quality and cultural values, such as keeping the water free of toxic pollutants, respecting the sacred lands of the Lakota People, and preserving the site for recreation.
