Comments: Hello I'm contacting you today to tell you my opinion on the Pactola Area Mineral Withdrawal. I support the withdrawal. I want the Forest Service to say yes to the Pactola Reservoir- Rapid Creek Watershed Withdrawal. My reasoning for this is to keep the water free of toxic pollutants. This lake is important for the local ecosystem and toxins could permanently upset the natural state of the lake. I also want you to do an EA and then after that is completed a FONSI. Thank you for your time. Please do what we all know is right.
