First name: Michael

Last name: Millard

Organization: Froggy Bottom Guitars

Title:

Comments: I respectfully urge the U.S. Forest Service to say "Yes" to the Pactola Reservoir-Rapid Creek watershed withdrawal and to do an Environmental Assessment of this proposed project.

A finding of no significant impact would be appropriate there. Respecting the sacred lands of the Lakota People, as well as the water quality of the watershed is deeply important. I urge the USFS to do this. Thank you.

Michael Millard
