Comments: I'm writing to ask that you say YES to the Pactola Reservoir-Rapid Creek Watershed Withdrawal. I know the Forest Service can do an Environmental Assessment (EA) and I'm also asking that the assessment go forward with a Finding of No Significant Impact (FONSI) when the EA has been completed.

Please consider expanding the area covered by the withdrawal to include all federal lands in the Black Hills. As you know, these are sacred lands to the Lakota people and nourish Native and non-Native communities with clean water, free of toxic pollutants.

You can help preserve this land for the Native community but also for recreational purposes.

Thank you.
