Comments: I want the Forest Service to say YES to the Pactola Reservoir-Rapid Creek Watershed Withdrawal.

I also want them to do an Environmental Assessment (EA).

I would like for a Finding of No Significant Impact (FONSI) when the EA has been completed. This may seem counterintuitive, but there will, in fact, be no significant impact to the land once the miners are forced to withdraw!

The primary reason for my support of the mineral withdrawal is the water quality and cultural values, such as keeping the water free of toxic pollutants, respecting the sacred lands of the Lakota People, and preserving the site for recreation.
