Title:

Comments: This concerns your application to the USDI Bureau of Land Management requesting 20,574 acres of National Forest System lands in the Pactola Reservoir - Rapid Creek Watershed in Pennington County, South Dakota be withdrawn from settlement, sale, location, or entry under the public land laws, location and entry under the United States mining laws, and leasing under the mineral leasing and geothermal leasing laws, subject to valid existing rights, for up to 20 years.

I heartily approve of this proposal, especially related to stopping the leasing related to the extraction of resources. Limiting the activities in your proposal will preserve our natural lands, the main reason these lands were put aside at first.
