Comments: 1000 Grandmothers for Future Generations wants the Forest Service to say YES to the Pactola Reservoir-Rapid Creek Watershed Withdrawal. We ask you to do an Environmental Assessment (EA). We ask for a Finding of No Significant Impact (FONSI) when the EA has been completed as there will be no significant impact to the land once the miners withdraw. We care about water quality and environmental justice, so keeping toxic pollutants out of the water system and respecting the sacred lands of the Lakota People are priorities.

Thanks!
