Comments: Please protect Jenny Gulch, the Pactola Reservoir, and the Rapid Creek watershed in South Dakota. Today. These STRC beautiful and special places in Lakota Country that should be preserved from mining.

I am asking you to please support the Pactola area mineral withdrawal! I also support expanding the area covered by the withdrawal to include all federal lands in the Black Hills because these sacred lands, nourish many Native and non-Native communities downstream with clean water, should be preserved and pristine forever.

Thank you for protecting Americas Natural Resources.
