Comments: To whom it may concern:

I believe it is vital to protect the 20,574 acres of National Forest System lands in the Pactola Reservoir - Rapid Creek Watershed in Pennington County, South Dakota by withdrawing them from settlement, sale, location or entry under the public land laws, location and entry under the United States mining laws, and leasing under the mineral leasing and geothermal leasing laws, subject to valid existing rights, for up to 20 years.

The time has come for us to preserve the lands we have for future generations and the health and well being of this planet.

I appreciate your time and consideration of my thought.
