Comments: Big Oil wants the Pacola Watershed, Pennington Co. under its guise. Well, to h*** with BO. They want "to explore" the mineral and fossil "wealth" that MIGHT be there, nevermind the drinking water, living space, people, plants, animals who have been GUARANTEED by the USA govt. more than 100 years ago the rights to the land, water and care of this area. Greed, PAC monies and unethical manipulation, ONCE AGAIN NOT NEED, drive BO to justify their demands. I ask you: if you want to appear to be serving your constituency would you give a thirsty man, woman or, for now, a non-voting child a drink of oil? Would you give yourself or your loved ones oil/gas or minerals to quench their thirst?
