Comments: I want the Forest Service to say YES to the Pactola Reservoir-Rapid Creek Watershed Withdrawal. I also request that the Forest Service to do an Environmental Assessment (EA), and FONSI when the EA has been completed.

It's important the water quality remain clean, free of toxic pollutants, as it serves many people. The area has cultural value, particularly with respect to the sacred lands of the Lakota People. This site should also be preserved for recreation for all.

Thank you.
