Comments: It is vital that Forest Svc say yes to withdrawal from Pactola Reservoir-Rapid Creek. There should be an Environmental Assessment done. We should also get a Findings of No Significant Impact once EA is complete. All miners should withdraw until an EA is done. Native Indigenous all over the country are clear about protecting our Sacred Mother Earth and that should/could be that way in all our minds. Morher Earth is fighting back as She doesnt need to be subjected to any more toxic pollutants. Mining is an atrocity to us all. We call on you to protect Mother Earth and all our Sacred Peoples of the Lakota Nation--- as well as all Peoples of our Lands. Our future generations will thank us and our Ancestors will be proud we stood together for Sacred Protection of Lands and all People.
