Comments: I support the Pactola Reservoir-Rapid Creek Watershed Withdrawal #NP-3479. Please stop any leasing, mining, or any other consecration of these precious and sacred areas so they may be available to future generations. It's time to protect the earth and its resources, it's not necessary to mine or extract everything the earth holds in our lifetime. We should protect and set aside as much as we can for the future good of our planet. Please complete an EA for this area.
