Comments: Alison and I have a cabin near Keystone that we have been going to since 1967. In the last few years we have spent a summer month every year. We support the Norbeck Society and related causes, including a concern for the conservation of Rapid Creek.

We support the withdrawal of mineral claims. The Forest Service should withdraw:

1. Upstream from Pactola to protect the resources of the tributaries to the reservoir.
- and
2. Downstream to protect the aquifers of Rapid Creek

The USFS should protect the entire Rapid Creek Watershed that so many communities depend upon for recreation and clean water.
