Comments: Please do not allow any mineral withdrawals or other forms of mining that would shutdown public use of land. The people deserve to be able to use the land just as much, if not more than large corporations looking to seek a profit without care of how it effects local wildlife and communities. We take care of the trails and areas with the area that is subject to mineral withdrawal / mining. Please do not allow the shutdown of public land for such selfish acts. Please follow the Black Hills Clean Water Alliance.
