Comments: I support the withdrawal of #NP-3479. I am 100% AGAINST the mining of our waters. I want to protect the fisheries, wildlife and aquifers in Pactola and the rapid creek watershed from being contaminated by mining. I cannot believe the people of our state would allow such a beautiful lake like Pactola to be destroyed and risk destroying our watershed. My family and I have fished and enjoyed Pactola and Rapid Creek our entire life. Please DO NOT allow the mining . Thank you.
