Comments: I am writing to ask the National Forest Service to say yes to the Pactola Reservoir-Rapid Creek Watershed Withdrawal, and to pursue an Environmental Assessment. I further want to ask that there is a Finding of No Significant Impact (FONSI) when the Environmental Assessment has been completed.

I ask that you do this to preserve water quality and endorse Lakota cultural values, including keeping the water free of toxic pollutants, respecting the sacred lands of the People, and protecting the site for future recreation.
